Quilt Camp in the Pines assumes no responsibility for personal property.
 Every care will be taken to assure the safety of your possessions.

Camp Policy

Many people have allergies to scents. Please be considerate of your suite-mates, class-mates and teachers by not using perfumes, scented body lotions and scented hair sprays. Quilt camp in the Pines is proud of their scent-free environment. Also, Flagstaff has an ordinance forbidding any smoking in public buildings (we are at the University, so we are considered public!) And this includes the living quarters. There will be special smoking areas outside of the building but there is no smoking in the rooms. We want to make everyone's camping experience the best and appreciate your thoughtfulness and cooperation. Thanks!
